Dear Dan Christen:

The following two facts are crucial.

1. My patent is the basic patent as far as the functions realized by FSTW concern.
2. In 1998, I informed Microsoft Japan of my patent.

These are not the issue of the claim chart, but the matter of the business. As for details and circumstances, see and translate the articles published in our website

<http://www.int2.info/news1.htm>.

Microsoft had better meet me for our future products, I believe.

With regards,

Jinsei Yamaguchi, Ph.D.
